

RSS Feeds

Teachers can add an RSS feed to any of their groups. This could be an RSS feed from a blog, or sites such as SUSU, CNN, etc., and will allow you to automatically post video, photos or content to a group. **To subscribe to an RSS feed:**

1. Choose the group name from the left panel and select the “**Subscribe Group to Feed**” link from right panel (located under the group code). You will be taken to your RSS feed page, which will display any RSS feeds the group is currently subscribed to.

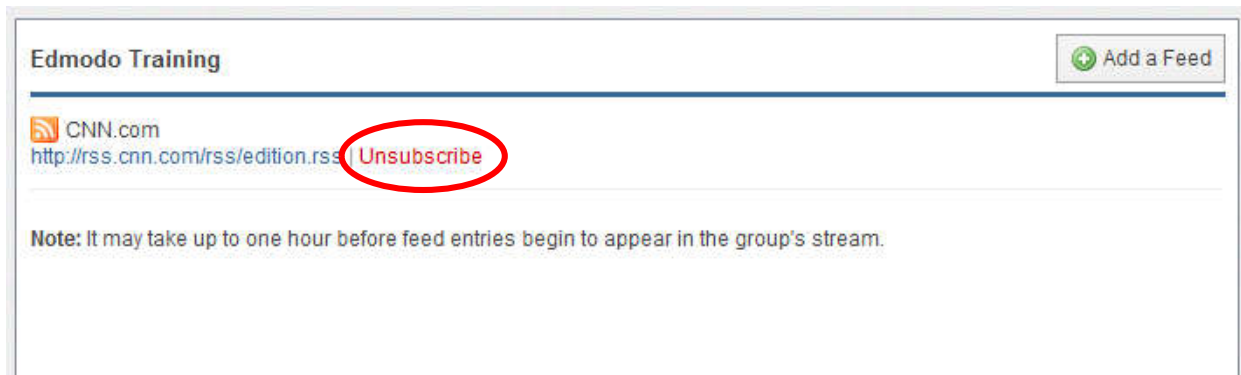

2. To add a new feed, select the “**Add a Feed**” button at the top right corner of the page. You will then see the site appear in your RSS feed page.

3. A pop up box will appear that will prompt you to enter the URL to the RSS feed. **Copy the feed URL and select subscribe.**

4. To **unsubscribe** the RSS feed from your group, select the red “Unsubscribe” link on the RSS feed page.

Best Practices for Postings

- ✓ Everything you create in or upload to Edmodo is **private** by default – you must choose recipient lists for messages and assignments, and you must share documents and other resources by creating library folders to ‘Share’ with designated individuals or groups.
- ✓ You only ‘see’ students enrolled in your classes (groups) – you cannot access information about students that are not enrolled in one of your classes.
- ✓ Students see only the messages, assignments, or content you share with that group – messages sent to 1st period will not be seen by students in your 2nd period class.
- ✓ Students cannot privately message other students in the group. Students can only post to the whole group or individually to the teacher.
- ✓ You can send messages or assignments to all students in all classes by selecting all classes before sending the message. You can also send messages to individual students or other Edmodo members you have connected with.
- ✓ For consistency and easier management, encourage student account conventions (usernames, passwords, etc.).
- ✓ Establish a requirement that students **ALWAYS** use proper grammar, punctuation, usage, spelling, and language. Complete sentences!
- ✓ Once a class is enrolled, lock the class group code to prevent unwanted or unauthorized registrations.
