

## Telling Time

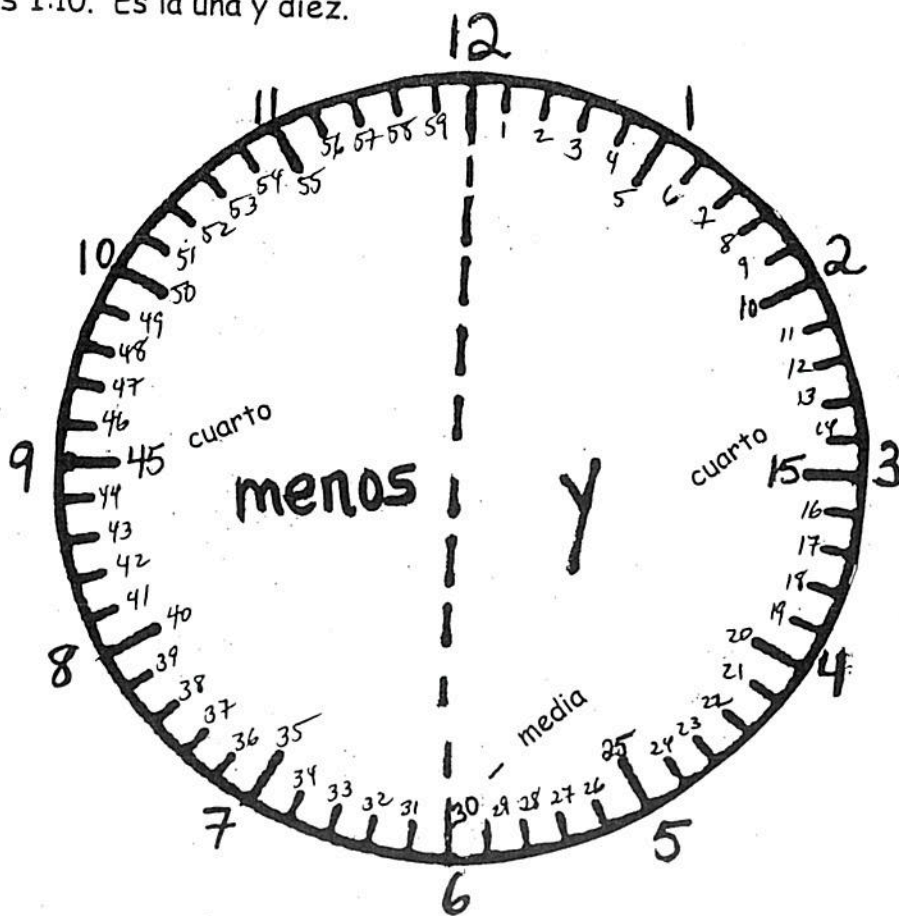

The numbers on the outside of the clock represent the hours.  
The numbers on the inside of the clock represent the minutes.

Every hour from 2:00 to 12:00 is expressed Son las.....

EX: It's 3:00. Son las tres.

However, 1:00 or anytime referring to 1:00 is expressed Es la una.

Ex: It's 1:10. Es la una y diez.

Minutes 1-30 are added to the current hour and we use "y" to add them.

Ex: It's 5:20. Son las cinco y veinte.

However,

Minutes 31-59 are subtracted from the upcoming hour, the next or following hour and we use "menos" to subtract them.

Ex: It's 5:50. Son las seis menos diez.
